Edinburgh

How Charity Wills funds support children in Edinburgh...

Richmond's Hope in Niddrie, Edinburgh, supports children aged 4-18 who have unfortunately suffered a bereavement and are struggling with this loss.

Thanks to continued amazing support, Cash for Kids were able to fund memory boxes. These allow the children to express their emotions in a creative way, through decorating the boxes and then placing items in them that may remind them of this loved one.

Cash for Kids were delighted to be able to support such a great small local charity and help these children cope with the grief that they feel following a loss. As an adult it is hard, as a child we can't even begin to imagine and that's why your support means everything.

Kirkcaldy

How Charity Wills funds have helped children in Kirkcaldy...

Gallatown Gala and Community group are a group of people living in Kirkcaldy who have common interests in the welfare of people living in the community.

The group works to improve the quality of their lives, promoting and developing a range of activities and events including cultural, social and educational opportunities for all. They run events and activities for children throughout school holidays, which Cash for Kids were delighted to support last year.

Thanks to successful funding through grant application the children attending the group were all provided lunches and snacks throughout the entire summer holiday period programme.

With the support of Thorntons' Charity Wills Campaign, Cash for Kids can continue improving the lives of thousands of local children.
