You will be comfortable working in a fast paced environment, have excellent attention to detail, and strong communication skills necessary to work in a multi location team. You will also be keen to play a role in business development and networking activities and participate in the strategic growth of the firm.

About us

Thorntons has grown significantly in recent years following a number of strategic mergers and investments into one of Scotland's top 5 independent law firms. Throughout its successful expansion, our focus has remained the same, to provide the highest quality legal advice and service, when and where clients need it.

We are progressive and ambitious. While we expect high standards from our people, we recognise and value the contribution they make to our business – and our success. We see the whole person, not just the person in the workplace – and we're aware that everyone has busy

lives outside work. Our advanced technology allows many of our people to benefit from agile working. It's simple common sense: do our best for our people and they'll do their best for us.

At Thorntons we pride ourselves on doing what is right, and as two time winners of the Scottish Business Insider Employer of the Year Awards you can see why solicitors choose, and enjoy a career with Thorntons.
